PITTSFIELD PROSPERS PLEDGE

I believe in a better future for Pittsfield. I believe in its capacity to grow, adapt and thrive.

I respect its history and the work of the many local people and organizations helping the City to prosper. I support the champions of Pittsfield's past present and future, regardless of gender, race, religion or class. I commit to fostering pride in our City by finding and sharing positive stories with friends, family and acquaintances. I do this to celebrate Pittsfield.
